Notes: a/ Per caput values based on population data published in the United Nations Monthly Bulletin of Statistics.

b/ Averages excluding China, India and Indonesia are shown to highlight the disproportionate effect of their large population on world per caput consumption.

c/ Figures are provisional assumptions relating to domestic consumption. The data are not derived from annual grindings and trade statistics as described above because of data problems and additional complications with changes in stocks and with the appropriateness of conversion factors.

TABLE 14

EVOLUTION OF PER CAPUT CHOCOLATE CONFECTIONERY CONSUMPTION IN SELECTED COUNTRIES

COUNTRIES/REGIONS	2002	2003	2004	2005	2006	2007	2008	2009	2010
